Look what's happening....

Dates for your Diary

- EYFS Sports Day!! Wednesday 19th June

Nursery (3 and 4s only) 9:30-10:30am — Reception 1:45-3:00pm

This year we are so pleased to be able to welcome parents back into school to watch our EYFS Sports day. Nursery and Reception will be working in small groups around a course of activities on the school field. You will be able to move around the field with your child's group and watch each challenge. We ask that once we have all said hello to our grown ups you encourage your child to stay with the member of staff supporting their group so we can keep them safe and with the correct group. Once we have all finished the children will wave goodbye and head inside to enjoy a well deserved ice lolly!

Summer is Here

Now that it is getting warmer please ensure your child has a sun hat and

labelled sun cream in school.

Thank you!

Nursery Parents

Did you know that two and a half is the prime age to start toilet training. In nursery we will be encouraging all children from this age to try and use the potty or toilet—we have quite a selection for them to choose from. If your child successfully uses the toilet, we will be sending home a little celebration certificate, so look out for yours coming home after half term.

If you would like any support with toilet training please speak to a member of the team.

Nursery Preview Learning

WOW! Where did that half term go! The children have had a wonderful time exploring our topic **WHOOSH!**

We have looked at travel and vehicles as well as different places around the world. We have thought about going fast or slow as well as up or down. We have focused on key language such as forwards and backwards, fast and slow.

We have focused on lots of number this half term too, we have been counting numbers 1—5, finding different amounts as well as recognising what the numbers look like.

Next half term we begin our **SPLASH!** Topic.

Here we will learn all about sea creatures, maps and pirates. We will explore floating and sinking and hopefully discover some treasure.

SPLASH! Also includes **SPLASH** day were children will be able to enjoy a whole day of water fun.

Reception Preview Learning

WHOOSH!

What a speedy half term!

We have all loved investigating different types of transport, especially designing and creating our own.

Next half term we will begin our **SPLASH!** Topic

During this topic we will look at animal classification, discussing if they live on land or sea. We will follow maps and create our own. We will look closely at pirate ships and what materials are best to help them float.

SPLASH! Also includes **SPLASH** day were children will be able to enjoy a whole day of water fun.

Don't forget to have a look at our class pages on our school website for more information on what learning is happening each half term. You will see the topics we teach and the outcomes we are working towards.
